Subject: Deconsolidation of the Anthem/Agua Fria Wastewater District

Sandra Kennedy,

My October 2011 water bill here in Anthem was \$249.84.

Since the Corporate Commission did not consolidate the statewide water and waste water districts, it is unconscionable to continue to force Anthem to subsidize the Agua Fria Wastewater District.

Please act on deconsolidation now.

Sincerely,
Barry Hutton

I'm not in favor of DECONSOLIDATION IN CORTA BELLA. I COULD NOT AFFORD ANY NEW RATE INCREASE ON MY FIXED INCOME. Please vote no . THANK YOU VERY MUCH. MR.RICH GREENE

Dear Ms Kennedy -

Please vote AGAINST the deconsolidation of the Anthem and Aqua Fria water district. Deconsolidation will result in a 139.7% increase in wastewater rates for the new Agua Fria Wastewater District and a mere 15.5% increase in wastewater rates for the new Anthem Wastewater District. The disparity seems unfair, and will impose a large financial burden on our family on a fixed income.

Thank you,

Richard Volpe

Dear Commissioner Kennedy,
My husband and I live in Anthem with our two children. In July we received our water bill and were shocked! It was over \$400. Our home is just under 2,000 square feet. We have grass in our backyard so our children have somewhere to play, but not a huge amount. We searched for leaks and didn't find any that would cause our water bill to increase by that much. We checked all our drips in our landscaping and plugged a few that we no longer were using. We reduced the amount of water coming out of all the faucets in our house. We reduced the amount of water we used for the grass in our backyard to 5 minutes every other day just to keep it alive. We stopped watering our little garden and the grass in our front yard and plan to change to desert landscaping to reduce our water usage. We tried everything we could think of to reduce our water usage and our bill in August was still more than \$230.

We need your help! The deconsolidation of the Anthem/Agua Fria Wastewater District operated by the Arizona American Water Company will help us. We understand that Anthem uses a state-of-the-art wastewater treatment facility so our water rates are higher than most, and we simply cannot afford to pay for the Agua Fria system as well. Please help us by approving the deconsolidation of the Anthem/Agua Fria wastewater district.

Sincerely,
Kristin Mortensen
